Welcome!

Thank you for the opportunity to work with you. I look forward to helping you create a healthier life. Attached you'll find information on my practice as well a New Patient Information Form. Please complete these documents and return via email before your first appointment. We will not be able to begin working together until they are completed.

The initial consultation is a very important part of traditional Chinese medicine (TCM) and extremely comprehensive. We will discuss your primary reason(s) for seeking treatment, review your health history, and take time to answer any questions you might have. You will also receive an acupuncture treatment during this first session. It is important to allow 1.5–2 hours for this visit. Return visits typically last 1–1.25 hours.

All fees are due at the time of service. Acceptable forms of payment are cash, checks, and major credit cards. The charge for the initial consultation and treatment is currently \$175.00. Return office visits and treatments are currently \$115.00. There is a discount on the return visit fee for patients over 65 years, as well as Veterans of any age. Fees are subject to change without notice, and there is a 3% convenience fee added to credit card transactions.

If dietary supplements or Chinese medicinal formulas are part of your treatment plan, those formulas will be charged separately, and the cost varies. Virginia sales tax is added.

Thunderbolt Wellness is located in the Tuckahoe neighborhood of Henrico County, between Forest Avenue and Parham Road, in the Glen Ridge Professional Building. Parking is available in front of the building. When you arrive, please make yourself comfortable in the reception area. Be sure to wear loose, comfortable clothing and eat a light meal 1–2 hours prior to your appointment time.

If for any reason you will not be able to keep your appointment, please provide at least 24 hours notice. (Please see Office Policies for more information). You may contact me via phone, text message, or email to do this.

INFORMED CONSENT TO TREATMENT

I hereby request and consent to the performance of acupuncture and/or other treatments, defined as the *practice of acupuncture*, on me (or the patient named below, for whom I am legally responsible) by Licensed Acupuncturist, Janet L. Borges, with whom I have discussed the nature and purpose of my treatment.

I understand that acupuncture is performed by inserting very thin needles through the skin. Additional methods of treatment may include, but are not limited to: moxibustion (application of heat on or near the body's surface); cupping (suction cups applied to the skin); gua sha; electrical stimulation; breathing techniques; Tui-Na (Chinese massage); nutritional/dietary counseling; and the recommendation of herbal and/or nutritional supplements.

I have been informed that acupuncture is a safe method of treatment. Certain adverse side effects, while infrequent, may result, these include, but are not limited to: local bruising, numbness or tingling near the needling sites, minor bleeding, fainting, dizziness, and temporary pain or discomfort. I understand that I should not make significant movements while the needles are being inserted, retained, or removed. Bruising is a common side effect of cupping and gua sha. Infection is another possible risk, although the acupuncturist uses only sterile disposable needles and maintains a clean, safe environment. Burns and/or scarring are a potential risk of moxibustion. I understand that while this document describes major risks of treatment, others may occur.

The herbal and/or nutritional supplements (which are from plant, mineral, and animal sources) that may be recommended, are traditionally considered safe in the practice of acupuncture and Chinese medicine, although some may be toxic in large doses. I understand that some herbal and/or nutritional supplements may be inappropriate during pregnancy. Some possible side effects of taking herbal and/or nutritional supplements are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives and tingling of the tongue. I understand that the herbal and/or nutritional supplements need to be prepared and consumed according to the written and oral instructions provided by the acupuncturist, and may have an unpleasant taste or smell. I will immediately notify the acupuncturist of any uncomfortable side effects associated with consumption of recommended herbal and/or nutritional supplements. I will notify the acupuncturist who is caring for me if I am or become pregnant.

I have truthfully disclosed all medical history including information regarding blood borne, contagious disease such as hepatitis (B, C) and HIV/AIDS_____ (your initials). Additionally, I will notify Janet L. Borges if I am or become pregnant_____ (your initials).

I do not expect the acupuncturist to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the acupuncturist to exercise judgment during the course of treatment which the acupuncturist thinks at the time, based upon the facts then known, is in my best interest. I understand that results are not guaranteed.
